Meet the Founders:
EDMONDS & JONANNA OWHORODE

From BTS, DTP to WCLTC

THIS INSTITUTION all started because of the few believers who were very thirsty of the knowledge of God's word. Apostle Edmonds & his wife started the first intensive one week Bible Training School BTS which was later renamed as Basic Training Session. This training was very enlightening and successful. This led to other desire of training Disciples. The desire to see disciples amongst God's children gave birth to the next batch of training which is Discipleship Training Program DTP. Each one of this training was organized formally as a school not as a Church service.

Edmonds & Joanna ought most desire was to see mature believers who are built up by the word of God living in the present benefits of salvation with accuracy, excellence in the society and living proof of eternal life as freely given by Jesus Christ. Thus they became the founding Faculties of World Changers Leadership Training Center WCLTC. This is the pursuit of World Changers Training Center. Praise the Lord.
